

TruGuard™  
ADVANCED MINERAL SANITIZATION

Jandy®

**TAKING CLEAN  
A STEP FURTHER**

**TRUGUARD™**

# Advanced mineral sanitization lets you use less chemicals and protects against algae.

**TruGuard™** is a sanitizing solution used in conjunction with a chlorine or bromine delivery device that leverages mineral technology to destroy algae and bacteria and help deliver cleaner, clearer more comfortable water for your pool or spa.

## Hassle-Free Algae Control

The powerful minerals in TruGuard destroy bacteria and control algae for up to 6 months in pools. Plus, replacing your cartridge is simple so you can experience uninterrupted indulgence of your pool.

## Save on Chemicals

TruGuard works alongside your pool's filtration system while providing a cost-cutting alternative to heavy chlorine consumption by reducing necessary chlorine usage by up to 50% in most pools.

## Enhanced Comfort

You won't feel, smell, or be affected by heavy chlorine usage.

## Lasting Effects

Lowered chemical usage prolongs the life of your pool equipment.

## Works with Any In-Ground Pool\*

TruGuard provides the perfect pairing for chlorine and bromine pools.

\*Cannot be used with biguanides nor with copper-based algaecides.

## Dependable and Durable

TruGuard is made of the same superior materials used to construct our Never Lube® valves to ensure long-lasting reliability.

## Out of Sight, But Easy to See

Designed for out-of-sight installation directly plumbed into the rest of the pool pad, you won't see TruGuard, but you will see cleaner, clearer water.

## TruGuard™ Plus TruClear® or AquaPure®

### • Clean Convenience

TruGuard combined with a TruClear Salt Chlorinator gives you an even more pleasant experience by making your pool water feel luxurious.

Simple to own and maintain, TruClear Salt Chlorinators offer superior performance and reliability, and require less maintenance while providing consistent sanitization for peace of mind.
